

Prague, November 1, 2024
ref. No. 0077/11/24/14910

Notification of Admission Procedures to the Bachelor Programmes of the Faculty of Nuclear Sciences and Physical Engineering of the Czech Technical University in Prague for Academic Year 2025 – 2026

Admission to the Bachelor Programmes of the Faculty of Nuclear Sciences and Physical Engineering of the Czech Technical University in Prague (hereinafter referred to as FNSPE of the CTU) is governed by Act No. 111/1998 Coll. on Higher Education and on Changes and Amendments of other Acts, as amended, by the CTU Statute, by the Statute of the FNSPE of the CTU in Prague, by this document and the Dean's Directive for Admission Procedures to the Bachelor Programme No. **FJFI_PD_2024_20_V01** (hereinafter referred to as the Dean's Directive).

Conditions for admission to the Bachelor Programmes are as follows:

1. Submission of **one** completed application to a bachelor programme no later than **June 30th, 2025**, electronically via <http://prihlaska.cvut.cz>. For details on submission please see the Dean's Directive.
2. Payment of admission administration fee amounting to **950 CZK** related to the admission procedure costs. The details of payment are specified by the Dean's Directive.
3. Completion of secondary or secondary technical education (by having passed a secondary school-leaving examination or its equivalent).
4. Submission of the secondary school-leaving certificate issued by a school based in the Czech Republic or Slovak Republic in a manner specified by the Dean's Directive. If the school-leaving examination or its equivalent was administered in a foreign country (except for the Slovak Republic), submission of a proof (as specified in the Dean's Directive) that the education obtained in a foreign country is of equal standard or has been validated in the Czech Republic.
5. Competence in English at a level not below B2. Submission dates of examination certificates are specified by the Dean's Directive.
6. In the past, the applicant was not enrolled in a more than one Bachelor Programme offered by the FNSPE of CTU in Prague.

The date for verifying the entrance requirements, including submission of the documents, will be **September 5th, 2025**. Decision confirming admission to the Bachelor Programme will then be issued within 30 days. Applications for a review of the decision will be examined and the decision issued within 30 days of their receipt.

The applicant has the right to inspect all documents pertinent to the decision on their admission during

the office hours of the Study Office.

Admission procedure to the Bachelor Programmes terminates on the day the decision as to admission or non-admission of all applicants to the programme has been made.

doc. Ing. Václav Čuba, Ph.D.
Dean

Approved by the Academic Senate of the Faculty of Nuclear Sciences and Physical Engineering of the Czech Technical University in Prague on September 30, 2024.
